

## GRABO® High-Flow Base Add-On 300 HEAVY LIFTING MADE EASY

### Specifications:

#### Suction Plates

Suction Plate 300 with SMART CUT foam seal

316 x 316 x 17.3 mm

### GRABO® High-Flow Base Add-On lifting capacity

**NOTICE** The GRABO® High-Flow Suction Plate 300 was tested up to 100 kg (220 lbs) at maximum lifting force under ideal conditions. However, this figure is the breaking point under optimal lab testing conditions and must never be reached in real-world applications!

Local regulations require different safety margins to be used, and the official tool Working Load Limit (WLL) is set on a 1:2 ratio and can be seen in the lifting force chart above.

### Lifting force chart
