USL, CNL – Class 2 Power Supplies, indoor use, cord-connected, Models WEC-26WCAD-XXXXYYYYzA and XVE-XXXXYYY series.

Dear Mr. Jacky Wang:

UL has completed the investigation under the above project and confirmed compliance of your product(s) with UL requirements. We appreciate that you have a choice of certification providers and thank you for choosing UL.

Before products bearing the UL Mark can leave the manufacturing location, an Initial Production Inspection (IPI) must be successfully completed by a UL representative at the manufacturing location(s) noted below. You are required to send a copy of this letter to each of these manufacturing location(s).

The IPI is a check on the means that the manufacturer has in place to produce a product in accordance with applicable requirements. **A MANUFACTURER MAY NOT SHIP PRODUCTS WITH THE UL MARK UNTIL THE IPI HAS BEEN SUCCESSFULLY COMPLETED.** Instructions for conducting the IPI will be sent to the UL inspection center(s) serving the manufacturing location(s). The UL inspection center will contact the manufacturing location to arrange the IPI, or you may contact the UL inspection center to discuss the scheduling of the IPI.

The Follow-Up Services Procedure covering your product(s) will typically be provided by UL within 10 business days. Any information and documentation provided to you involving the UL Mark services are provided on behalf of UL LLC (UL) or any authorized licensee of UL.

Products that bear the UL Mark must be identical to those submitted to UL for evaluation and certification and must comply with the Follow-Up Services Procedure covering your product(s). Additional requirements related to the responsibilities of the Applicant and Manufacturer can be found under **Additional Resources** at <https://www.ul.com/fus>.

A UL certification is a valuable marketing tool meaning your product or company has successfully met stringent requirements. We encourage you to use your UL Mark and certification in your marketing activities. You can find information on how to accurately promote your UL certification at <https://www.ul.com/marketing>.

# NOTICE OF COMPLETION AND REQUIREMENT FOR IPI

If you have any questions, please contact me or any of our customer service representatives. And, congratulations again on your achievement!

Sincerely,

Alex Wang

This addendum covers products manufactured at the following location:

Manufacturer	Party Site Number	Account	Factory ID	Country
Shenzhen WOTY Energy Co.,Ltd	2464976	2448206	-	CHINA

Before you may begin shipping product with the UL Mark at the above manufacturing locations, an Initial Production Inspection (IPI) must be successfully performed by a UL representative at the location.

The IPI is intended to confirm that your manufacturing location is capable of producing a product in accordance with UL's requirements. **YOU MAY NOT SHIP PRODUCTS WITH THE UL MARK UNTIL THE IPI HAS BEEN COMPLETED AND UL HAS FOUND THE PRODUCTS AT THE FACTORY TO COMPLY WITH OUR REQUIREMENTS.** Once the IPI has been successfully completed, you will be granted authorization to ship products bearing the UL Mark.

Instructions for the IPI will be sent to our inspection center nearest to you. The Inspection Center will contact you shortly to make arrangements for the IPI.
